*Keep Going*

With 27 years of experience, a network of 10 Offices and over 500 Support locations, Eagle is an IT Infrastructure Management and Solutions company. We support enterprise products, end-user devices and software applications, giving you single-vendor coverage for all your support services and solutions.

Our expertise in servers, storage, and networking helps us provide support services and solutions to our customers located in every corner of India. Knowledge of system and application software allows us to address your needs comprehensively and offer end-to-end solutions.

Trained engineers, subject matter experts and help desk executives are part of our motivated team committed to delivering seamless services to our customers. Partnerships with hardware OEMs and software providers enable us to leverage their technologies and configure solutions best suited to your needs.

# OUR MISSION, PHILOSOPHY & PROMISE

## Our Mission

We are building India's largest service network. Our mission is to provide maintenance services in all the 700 districts of India covering traditional IT equipment, futuristic IOT devices and wi-fi networks.

## The Keep Going Philosophy

To continue when you are down. To overcome adversity. To stay the course though the wind is high. Don't ever stop. Keep Going.

## The Eagle Promise

We will do our best in every transaction, whether in providing service or in selling products, to meet your objectives, to be pleasant and to leave you wanting to engage us again.
